SCHOOL TRIP TO PARIS!!!

School trip to Paris

Our trip to Paris began on 11th of April. In the morning, next day we, arrived to Paris and we started to visit The Louvre. There are a lot of very interesting statues and pictures. It is the world's largest museum. The Louvre contains more than 380,000 objects, one of the most important object and attraction is the picture of Mona Lisa. There were lots of people and for me this picture is very beautiful and exciting too. The next point of our trip was Notre-Dame Cathedral. This is one of the most famous cathedrals in the World, including most of the novel The Hunchback of Notre Dame by Victor Hugo French writer.

In the middle there is beautiful altar and very big stained glass. At the end of first day we sailed on the Seine.

The second day was Paris. It was very funny, exciting and incredible because we were at the Eiffel Tower. This Tower is very fantastic and big so we saw Paris from the top. Then, we visited more interesting place in Paris, Triumphal Arch, Vandome place and the Elysian fields.

The last day we traveled by bus to Brussels. There we saw European Parliament. After visiting Brussels we traveled to Wronki and we arrived home about 7 am.

I have never been in Paris before and think that this trip I will be remember very long.

Patryk

Thank you very much for being with me in Paris:)Mrs Dąbrówka Tritt

The best moments

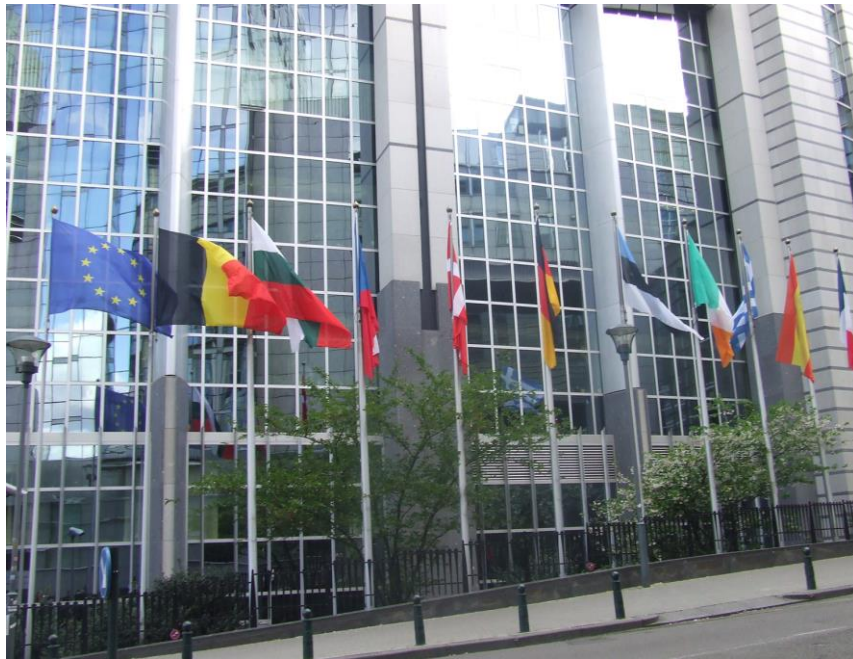

What lovely students:))

What a beautiful view!!! Someone was scared!!!

Welcome in Brussel!!!

Additional materials for class I-III

Dom (House):

DOM
