## AUTUMN FESTIVALS

Halloween and Bonfire Night are popular festivals in the UK and the USA. People in the UK and the USA celebrate Halloween on 31st October. Bonfire Night is a popular British festival – it's on 5th November. Here, Stephen and Sarah describe their favourite festivals.

## HALLOWEN

Hi, I`m Sarah. My favourite festiwal is Halloween. It`s on 31st October. At Halloween, we make lanterns from pumpkins and also decorate our house. In the evening, we wear fancy dress costumes and go „trick of treating”. We go to houses and ask „Trick or treat ?”. We usually get candies but sometimes we get pencils and stickers, too. There are some special food for Halloween, too. My favourite Halloween treat is a candy corn and also my mum`s candy apples.

## BONFIRE NIGHT

Hello. I'm Stephen. Bonfire Night is brilliant! We celebrate Bonfire Night in the UK on 5th November.

Before Bonfire Night, we learn its history.

At school we learn about fire safety, too. In the evening, we go to a fireworks display in our local park. There is always a big bonfire and also lots of cool fireworks. Bonfire Night is usually cold - we eat jacket potatoes, soup or sausages.

BONFIRE NIGHT IS  
COOL
